

Village of Lake Isabella  
1010 Clubhouse Drive  
Lake Isabella, MI, 48893

Resolution 2008-05

- Whereas;** the Village of Lake Isabella has adopted a Master Plan in March, 2006; and,  
**Whereas;** a primary source for determining the future goals of the community was a survey submitted to all property owners; and,  
**Whereas;** the number one item that the residents identified as a “future need” was natural gas service; and,  
**Whereas;** only a small section of the Village is currently serviced by natural gas; and,  
**Whereas;** the Village recognizes that the further development of natural gas infrastructure would provide cost savings to the residents of the community; and,  
**Whereas;** the Village Council strongly desires to see natural gas infrastructure expanded throughout the Village; and,

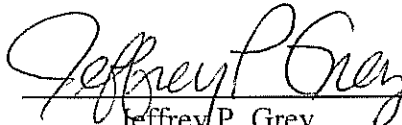

**Now therefore be it resolved;**

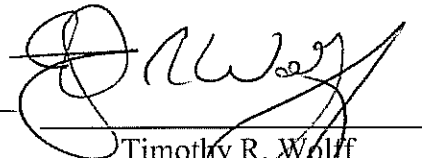

The Village of Lake Isabella hereby invites and requests DTE Energy to begin work on developing natural gas infrastructure in those areas of the Village currently not serviced by Consumer’s Energy; and,

The Village Manager is also hereby directed to work with representatives of DTE Energy to provide information relevant to realizing further natural gas infrastructure development.

I, Jeffrey P. Grey, the duly qualified and acting Clerk of the Village of Lake Isabella, Isabella County, Michigan (the “Village”) do hereby certify that the foregoing is a true and complete copy of a resolution adopted by the Village Council at a meeting held on February 19, 2008, the original of which is on file in the Village Office. Public notice of said meeting was given pursuant to and in compliance with Act No. 267 of the Public Acts of Michigan of 1976, as amended.
